

Composit's corporate history begins officially in 1960 with an idea of Belligotti Brothers, with the opening of a 9,000 square-meter production unit in the furniture sector, distributed under the brand Belligotti. In 1974, the brand Composit was founded, entirely dedicated to the production of kitchens, with the extension of the surface, up to the current 12,000 sq. meters, area currently occupied by the entire production cycle of Composit kitchens and wardrobes.

La storia aziendale di Composit inizia ufficialmente nel 1960 da un'intuizione dei fratelli Belligotti, con l'apertura di uno stabilimento produttivo di 9.000 metri quadrati dedicato al settore dell'arredamento e commercializzato con il marchio Belligotti. Nel 1974 nasce il marchio Composit, interamente dedicato alla produzione di cucine, accompagnato dall'ampliamento della superficie produttiva fino agli attuali 12.000 metri quadrati, oggi occupati dall'intero ciclo produttivo delle cucine e degli armadi Composit.

A FAMILY HISTORY

MADE IN ITALY

Our products are entirely manufactured in Italy. Composit prides itself on being one of the companies that helped shape the “Made in Italy” brand as a global synonym for excellence in design. We believe that “Made in Italy” is a true treasure of our nation’s history and culture one with enduring value, worthy of being protected and preserved.

I nostri prodotti sono interamente realizzati in Italia. Composit è orgogliosa di essere tra le aziende che hanno contribuito a rendere il Made in Italy un sinonimo di eccellenza nel design riconosciuto in tutto il mondo. Crediamo che il Made in Italy rappresenti un patrimonio autentico della storia e della cultura del nostro Paese: un valore senza tempo che merita di essere tutelato, valorizzato e tramandato.

Nos produits sont entièrement fabriqués en Italie. Composit est fière de compter parmi les entreprises qui ont contribué à faire du Made in Italy une référence mondiale en matière d’excellence et de design. Nous sommes convaincus que le Made in Italy constitue un véritable patrimoine de l’histoire et de la culture de notre pays: une valeur intemporelle qui mérite d’être protégée, préservée et transmise aux générations futures.

Nuestros productos se fabrican íntegramente en Italia. Composit se enorgullece de formar parte de las empresas que han contribuido a convertir el Made in Italy en un referente mundial de excelencia y diseño. Creemos que el Made in Italy representa un auténtico patrimonio de la historia y la cultura de nuestro país: un valor atemporal que merece ser protegido, preservado y transmitido a las futuras generaciones.

SUSTAINABILITY

Composit’s sustainability vision translates into daily, concrete action across all company divisions. Our initiatives include clean energy from photovoltaic panels, purified water for employees, progressive plastic-free packaging, FSC-certified material sourcing and CARB-2 compliant panels with minimal formaldehyde emissions. Production waste is recovered and reused to heat our facilities. Together, these measures reflect a long-term strategy to reduce environmental impact and uphold responsible manufacturing.

La visione di sostenibilità di Composit si traduce in azioni quotidiane e concrete in tutte le divisioni aziendali. Le nostre iniziative includono energia pulita da pannelli fotovoltaici, acqua purificata per i dipendenti, packaging sempre più plastic-free, approvvigionamento di materiali certificati FSC e pannelli conformi agli standard CARB-2 con emissioni minime di formaldeide. Gli scarti di produzione vengono recuperati e riutilizzati per riscaldare gli stabilimenti. Insieme, queste misure riflettono una strategia a lungo termine per ridurre l’impatto ambientale e promuovere una produzione responsabile.

La vision de durabilité de Composit se traduit par des actions quotidiennes et concrètes dans toutes les divisions de l’entreprise. Nos initiatives incluent l’énergie propre produite par panneaux photovoltaïques, l’eau purifiée pour les employés, des emballages progressivement sans plastique, l’approvisionnement en matériaux certifiés FSC et des panneaux conformes à la norme CARB-2 avec des émissions minimales de formaldéhyde. Les déchets de production sont récupérés et réutilisés pour chauffer nos installations. Ensemble, ces mesures reflètent une stratégie à long terme visant à réduire l’impact environnemental et à garantir une production responsable.

La visión de sostenibilidad de Composit se traduce en acciones diarias y concretas en todas las divisiones de la empresa. Nuestras iniciativas incluyen energía limpia procedente de paneles fotovoltaicos, agua purificada para los empleados, embalajes progresivamente libres de plástico, materiales certificados FSC y paneles conformes con la normativa CARB-2 con emisiones mínimas de formaldehído. Los residuos de producción se recuperan y reutilizan para calentar nuestras instalaciones. En conjunto, estas medidas reflejan una estrategia a largo plazo destinada a reducir el impacto ambiental y garantizar una fabricación responsable.

DESIGN-PATENTS

Driven by a passion for design, Composit collaborates with internationally acclaimed designers including Cazzaniga, Cesana, Leone+Mazzari, Lazzeroni, and Bizzarri Design blending diverse visions into one unmistakable identity. This creative dialogue continuously enriches our collections while preserving a strong aesthetic fil rouge. Our commitment to originality extends to internationally registered patents on select handles and doors, demonstrating our dedication to exclusive materials, distinctive solutions and designs that truly stand apart.

Guidata dalla passione per il design, Composit collabora con designer di fama internazionale tra cui Cazzaniga, Cesana, Leone+Mazzari, Lazzeroni e Bizzarri Design fondendo visioni diverse in un’identità inconfondibile. Questo dialogo creativo arricchisce continuamente le nostre collezioni, preservando un forte fil rouge estetico. Il nostro impegno per l’originalità si estende ai brevetti registrati a livello internazionale su alcune maniglie e ante, a testimonianza della nostra dedizione a materiali esclusivi, soluzioni distintive e design realmente unici.

Animée par la passion du design, Composit collabore avec des designers de renommée internationale dont Cazzaniga, Cesana, Leone+Mazzari, Lazzeroni et Bizzarri Design fusionnant des visions diverses en une identité clairement reconnaissable. Ce dialogue créatif enrichit continuellement nos collections tout en préservant un fort fil conducteur esthétique. Notre engagement envers l’originalité s’étend aux brevets enregistrés à l’international sur certaines poignées et portes, démontrant notre volonté d’offrir des matériaux exclusifs, des solutions distinctives et des designs véritablement uniques.

CUSTOMIZED SOLUTIONS, EXTREME FLEXIBILITY

Design flexibility is not an added value at Composit: it is our foundation. Positioned between a carpentry workshop and an industrial manufacturer, we craft truly tailor-made kitchens for private homes and multi-residential projects. Every model is fully customizable: from cabinet and door dimensions to bespoke finishes including sample-matched wood tones and lacquers. A vast palette of materials, extending beyond our catalogue, turns any aesthetic vision into a one-of-a-kind solution.

La flessibilità progettuale non è un valore aggiunto in Composit: è il nostro fondamento. A metà tra una falegnameria e un’industria, realizziamo cucine realmente su misura per abitazioni private e progetti multi-residenziali. Ogni modello è completamente personalizzabile: dalle dimensioni di basi e ante alle finiture custom, inclusi legni campionati e laccature su richiesta. Una vasta gamma di materiali, oltre il nostro catalogo, consente di trasformare qualsiasi visione estetica in una soluzione unica nel suo genere.

Chez Composit, la flexibilité de conception n’est pas une valeur ajoutée: c’est notre essence. À mi-chemin entre un atelier de menuiserie et un fabricant industriel, nous réalisons des cuisines véritablement sur mesure pour les maisons privées et les projets multi-résidentiels. Chaque modèle est entièrement personnalisable: dimensions des caissons et des portes, finitions sur mesure, teintes de bois et laques assorties à des échantillons. Une vaste palette de matériaux au-delà de notre catalogue permet de transformer n’importe quelle vision esthétique en une solution unique.

En Composit, la flexibilidad de diseño no es un valor añadido: es nuestra base. A medio camino entre una carpintería artesanal y un fabricante industrial, creamos cocinas verdaderamente a medida para hogares privados y proyectos multirresidenciales. Cada modelo es completamente personalizable: dimensiones de módulos y puertas, acabados a medida, maderas y lacas adaptadas a muestras. Una amplia gama de materiales incluso más allá de nuestro catálogo permite convertir cualquier visión estética en una solución única e irrepetible.

Guided by Belligotti’s longstanding expertise, Composit furnishes the entire home under one cohesive, contemporary vision. Our philosophy “One Brand, Complete Home” spans kitchens, wardrobes, day systems, bathroom solutions, and boiserie, all engineered with high customization and advanced technologies. For private residences and multi-residential developments alike, our transversal approach ensures design coherence, material sophistication and system flexibility, translating diverse lifestyles and architectural needs into fully integrated interior solutions.

Guidata dalla lunga esperienza di Belligotti, Composit arreda l’intera casa sotto un’unica visione coesa e contemporanea. La nostra filosofia “One Brand, Complete Home” abbraccia cucine, armadi, sistemi giorno, soluzioni bagno e boiserie, tutti progettati con elevata personalizzazione e tecnologie avanzate. Per abitazioni private e sviluppi multi-residenziali, il nostro approccio trasversale garantisce coerenza estetica, raffinatezza materica e flessibilità dei sistemi, traducendo stili di vita e necessità architettoniche in soluzioni d’interni completamente integrate.

Guidée par la longue expertise de Belligotti, Composit aménage toute la maison selon une vision contemporaine et cohérente. Notre philosophie “One Brand, Complete Home” couvre cuisines, armoires, systèmes jour, solutions de salle de bain et boiseries, tous conçus avec un haut niveau de personnalisation et des technologies avancées. Pour les résidences privées comme pour les projets multi-résidentiels, notre approche transversale garantit cohérence esthétique, sophistication des matériaux et flexibilité des systèmes, traduisant différents modes de vie et besoins architecturaux en solutions intérieures totalement intégrées.

Guiada por la amplia experiencia de Belligotti, Composit amuebla toda la vivienda bajo una visión contemporánea y coherente. Nuestra filosofía “One Brand, Complete Home” abarca cocinas, armarios, sistemas de día, soluciones de baño y boiserie, todos desarrollados con alta personalización y tecnologías avanzadas. Para viviendas privadas y desarrollos multirresidenciales, nuestro enfoque transversal garantiza coherencia estética, sofisticación material y flexibilidad del sistema, traduciendo diferentes estilos de vida y requisitos arquitectónicos en soluciones interiores completamente integradas.

QUALITY DRIVEN

At Composit, quality is a constant, never a variable. We select only the highest-grade materials and components, driven by an uncompromising passion for excellence. Our products feature Blum’s Blumotion soft-closing hinges, the Legrabox drawer system in three finishes, and internal structures in six water-repellent options. Cabinets include 8 mm back panels far exceeding the standard 3 mm and double aluminum stretchers, ensuring exceptional durability, functionality, and structural rigidity.

In Composit, la qualità è una costante, non una variabile. Selezioniamo solo materiali e componenti della massima qualità, guidati da una passione incrollabile per l’eccellenza. I nostri prodotti utilizzano cerniere Blum Blumotion soft-close, il sistema di cassetti Legrabox in tre finiture e strutture interne in sei opzioni idrorepellenti. Le casse includono schienali da 8 mm ben oltre lo standard di 3 mm e doppie traverse in alluminio, garantendo eccezionale durata, funzionalità e solidità strutturale.

Chez Composit, la qualité est une constante, jamais une variable. Nous sélectionnons uniquement des matériaux et composants de la plus haute qualité, guidés par une passion inébranlable pour l’excellence. Nos produits intègrent les charnières Blum Blumotion soft-close, le système de tiroirs Legrabox en trois finitions, et des structures internes disponibles en six options hydrofuges. Les caissons incluent des panneaux arrière de 8 mm bien au-delà de la norme de 3 mm et des traverses doubles en aluminium, garantissant durabilité, fonctionnalité et rigidité structurelle exceptionnelles.

En Composit, la calidad es una constante, nunca una variable. Seleccionamos únicamente materiales y componentes de la más alta calidad, impulsados por una pasión inquebrantable por la excelencia. Nuestros productos incorporan bisagras Blum Blumotion con cierre suave, el sistema de cajones Legrabox en tres acabados y estructuras internas en seis opciones hidrófugas. Los módulos cuentan con paneles traseros de 8 mm muy por encima del estándar de 3 mm y doble travesaño de aluminio, garantizando una durabilidad, funcionalidad y rigidez estructural excepcionales.
